

Seagull Safety CONTROL - 19" RACK

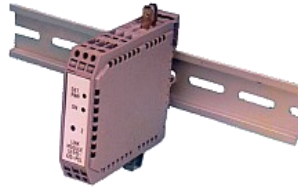

SS814 FIRE & GAS DETECTION SYSTEMS

- Modular system provides advantages of cost and ease of maintenance
- 19 inch rack houses up to 16 nos Fire/Gas Cards and 1 no. Annunciator Card
- Additional models available for other functions

SPECIFICATION:

Desc : GAS DETECTOR CONTROL CARD
Part No : SS814 GD/M-420
Drg. No : SS66100-08
Type : 4-20mA Input
Feature : Self contained all on board relays

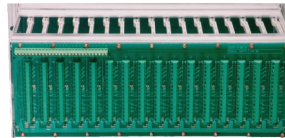

SPECIFICATION:

Desc : LINK MODULES
Part No : SS715 Series
Drg. No : SS66100-01/02/55
Type : 1) Voting
 2 x 1004/2004 or
 1 x 1008/2008
 2) 0-5V in
 0-20mA out
 3) 4-20mA in
 Bridge out

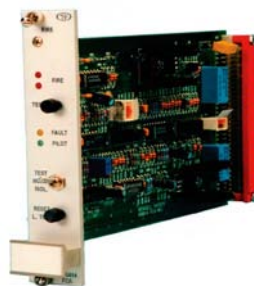

SPECIFICATION:

Desc : GAS DETECTOR CONTROL CARD
Part No : SS814 GD/M-LEL
Drg. No : SS66100-09
Type : 4-20mA Input
Feature : Self contained all on board relays

SPECIFICATION:

Desc : 19" RACK CARD
Part No : SS814-R
Drg. No : SS66100-12 (2 Shts)
Type : Houses complete range of plug-in cards. Terminal blocks on motherboard

SPECIFICATION:

Desc : FIRE CARD
Part No : SS814 FCA
Drg. No : SS66100-04
Type : All types fire detector input
Feature : Plugs in to standard 19" Rack motherboard

SPECIFICATION:

Desc : FLOOR & WALL MOUNTED CONSOLES
Drg. No : SS66100-10/20/21/22
Type : 19" racks mounted in various types of console-customised systems

SPECIFICATION:

Desc : ANNUNCIATOR CARD
Part No : SS814AN-1
Drg. No : SS66100-07
Type : Signal collector for all Fire and Gas cards.
 1 per systems

SPECIFICATION:

Desc : COMPLETE SYSTEMS
Type : Custom built systems for onshore and offshore projects
